

OHSU Deflection Implementation Support

DATE: May 9, 2024

PRESENTED BY: Dan Hoover, MD, Assistant Professor of Medicine

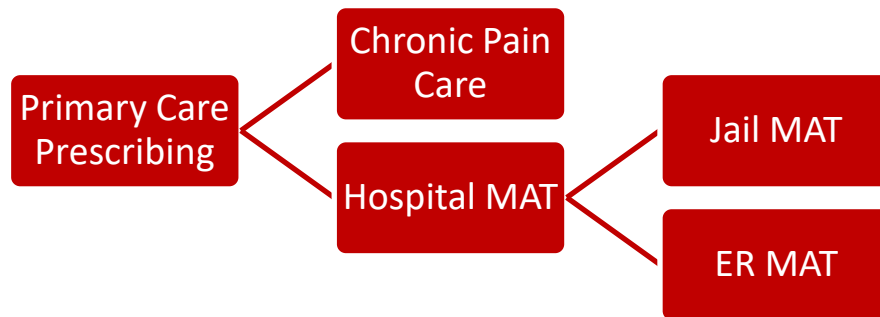

Reachable Moments

ECHO Through the Years

- 2017: HB3440
 - Prohibited first 30 day PA for Bup (Suboxone)
- 2018: HB4143
 - Commissioned report barriers to Bup / MAT
- 2019: HB2257
 - Removed MAT PAs for Oregon Health Plan
- 2022: MAT act passed congress
 - All med providers can now prescribe Bup (Suboxone)

Now: 11 different programs

OHSU Deflection Implementation Support

Active

- Deflection Implementation and Leadership ECHO – launched April 26
funding by OHA through SAMHSA’s State Opioid Response Grant

Upcoming

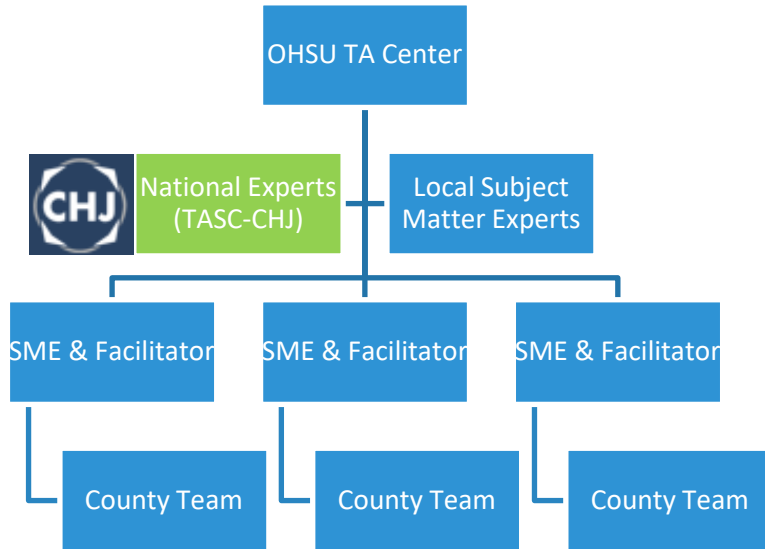

- **Deflection Program Individual Technical Assistance**
- Police Regional Trainings – Deflection and Substance Use Disorders
- Deflection ECHO Programs

Deflection Program Individual Technical Assistance

Deflection Technical Assistance (TA)

Within OHSU, the TA Center is a partnership:

Section of Addiction Medicine
(Department of General Internal Medicine)

Contracted local and national supporting SMEs

TASC's Center for Health & Justice

- Grounded in TASC's 46+ years of experience in specialized justice-health case management
- Advises across 6 deflection pathways; all approaches
- TA partnership to > **75 deflection sites** nationally
- Serve as the DOJ Bureau of Justice Assistance (BJA) National Deflection TA Center
- Partnered with IL statewide Deflection Initiative: all 102 counties

TA Elements and Timeline

Early Summer 2024

- OHSU-ORPRN team will provide logistical support and planning to organize local training event(s) by CHJ
- CHJ will deliver in-person (day long workshop) to launch the Deflections Solutions Action Plan (DSAP)
 - 3 regional workshops
 - Approx. 5 key leaders per county deflection team, identified with Deflection Coordinator agency

Deliverable: Each county team will have a written, actionable, working DSAP document for next steps

Mid Summer 2024 – May 2025

- CHJ separately trains OHSU-ORPRN team for proceeding to Phase II and III (implementation activities)
- OHSU-ORPRN continuing TA, supporting the implementation of the DSAP plan
- CHJ providing ongoing support for first year

Year 2 Technical Assistance

- OHSU-ORPRN team assists with continuous quality improvement
- Informed by CJC Best Practices Report
- Integrating new Deflection partners with new infrastructure investments

Thank You

Supplemental Slides

County Team TA

- Each County Team can opt in to low-, medium-, or high-level TA support
 - Low: Access to learning collaboratives (ECHOs) and library of deflection education materials
 - Medium: 1 hour monthly of TA with SME & Coach
 - High: 30-minute weekly or 60-minute bi-monthly TA with SME and Deflection Coach

Content of ongoing TA for the biennium

- Scale up and contextualize national models
- Setting up workflows and referrals across agencies
- Sensitive data handling across electronic systems
- Identify needs for culture change, and guiding culture
- Hold accountable to program goals and advancing these
- Debrief deflection cases for group reflection and QI
- Identify success stories and show the value of the work of each team member, to other team members (build mutual respect)
- (Yr 2) Integrating CJC Best Practices to further advance
- (Yr 2) Expansion for new infrastructure
